

# Why EMP for Auto Auctions

EMP Tech Group services hundreds of Auto Auction sites with the products and services listed in this brochure. Auto Auctions are fast paced operations that require precise data collection and the ability to manage thousands of large assets. EMP can assist you with the automated labeling and data collection needed to keep up in your world.

In the last few years, many technology changes have taken place that auctions can use to better manage and streamline their operations. All with lower consumable and hardware costs! EMP has been at the forefront of these technology changes helping our customers realize these cost savings and efficiency gains.

Above all, we provide excellent service to our customers! You will always get prompt and friendly service when ordering products from us or using our technical services staff to help you implement or support our products. Contact us today to see the EMP difference.

## 1 MOBILE COMPUTERS

### TC77 – Ultra-Rugged Touch Computer

At the edge of your business are your front-line workers that spend their days in the field, face-to-face serving the important asset in your company — your customers. Now, there's a device designed to take staff enablement and customer service to the next level by delivering everything your workers need to achieve peak efficiency, with trouble-free reliability — the TC77 Android Touch Computer.

## ET5X – The Ultimate Business Tablet

Finally, a flexible business tablet you can customize for just about any job and any environment — from retail associates and warehouse workers inside the four walls to salespeople, delivery drivers and service technicians out in the field.

## 2 LABEL PRINTERS

---

### ZQ6XX – Unstoppable Performance

The ZQ600 Series takes the popular QLn platform and makes it even better - adding advanced technology and innovative design that drive productivity, ease-of-use and manageability to a new level. Minimize downtime and ensure your printer never sleeps with advanced battery technology, more battery capacity and instant wake-on status. A large color display with status icons helps take the guesswork out of the equation. Your workers will enjoy the dependable wireless connections with fast 802.11 ac and Bluetooth 4.1.

### ZD421 – Flexible, Advanced Printing

Building on the legacy of Zebra’s popular GK Series, ZD421 printers add advanced features, forward flexibility and security measures to set you up for years of use. Available in thermal transfer and direct thermal models, it features five LED icons to instantly see what’s needed to keep your printers up and running, from replenishing media to resolving printer issues. Increased remote management capabilities help you optimize your printers, track and automate supplies replenishment and ensure security.

### ZT231 – Value Level Printing

The affordable ZT231 is ready to meet your 4-inch industrial thermal transfer and direct thermal printing applications. With an intuitive interface and large color touchscreen, it's easy to use and shows status at a glance. Add media handling and connectivity options onsite, and even RFID printing and encoding to meet growing compliance standards.

### 3 LABELS

---

#### Direct Thermal Labels for Outdoor Use

Finding direct thermal labels that can withstand outdoor use has always been challenging. Our new outdoor direct thermal labels solve this problem and give you the flexibility to select color, core size, and roll size. Through development and testing, we discovered the blue labels hold up best to heat and UV light, lasting up to 4-6 weeks in the summer heat. Yellow is next best, lasting up to 4 weeks. We also created a variety of other colors, including white, which work best in cooler seasons and climates.

#### Custom Orders

If you do not see the label size, roll size or color that you want, no problem. We are a label converter and can produce labels in any label size, roll size, or color. Contact us today at [sales@emptechgroup.com](mailto:sales@emptechgroup.com) to have direct thermal labels your way!

### 4 WLAN

---

#### Extreme Networks – WLAN and Wi-Fi Built for Enterprise

Your wireless network is the backbone that supports your connected mobile devices. Providing fast, secure, reliable wireless access to all these devices is no easy feat, which is why you need an enterprise-grade wireless network. Extreme Networks line of WLAN products will keep your workers connected, secure, and productive in all corners of your business.

## 5 ANDROID

---

### With Zebra, Android is Truly Enterprise Ready

Zebra has the largest range of enterprise optimized Android devices, purpose built to improve the productivity and mobility of your business. Exclusive built-in Mx Technology means Android security is uniquely hardened for use in even the most demanding enterprise environments. And Mobility DNA provides the industry's most comprehensive suite of workforce mobility must haves to enable full customization to meet the needs of your business.

## 6 DEVICE MANAGEMENT AND SERVICES

---

### SOTI – Device Management Made Easy

Zebra is partnered with SOTI to bring customers MobiControl, one of the world's most trusted Enterprise Mobility Management and Bring Your Own Device Management solution. MobiControl enables organizations to manage, support, secure and track corporate-liable and employee-liable mobile devices from end to end.

### Zebra OneCare – Support, Service, and Peace of Mind

Every day, you depend on your Zebra mobile computers, barcode scanners and printers to keep your business up and running efficiently. Ensure you get the predictable and dependable performance you need to maximize device uptime and return on investment for your Zebra devices with Zebra OneCare Support Services.
